On the whole the organisers welcomed on the 4 days of the fair, from 05. November to 08. November 2014, about 220 exhibitors from 10 countries and 10025 visitors on the Vietnam Plas in Ho Chi Minh City.

Interplas

In 28
Days

The Interplas will take place on 3 days from Tuesday, 26. September to Thursday, 28. September 2017 in Birmingham.

Interplas is the UK's largest plastics exhibition and the only UK event

to cover all of the manufacturing processes, technologies and services within the plastics industry. For over sixty years Interplas has served as the showcase for plastics technology innovation and is known as the place for the plastics sector to do business in the UK. Held triennially Interplas showcases hundreds of exhibitors, the event features a wide range of technologies including injection moulding, rotational moulding, extrusion, blow moulding, thermoforming, vacuum forming, film extrusion, recycling, materials and design. Alongside the show floor Interplas presents a wide range of seminar presentations from industry leaders, commentators and users who shine the spotlight on the technologies and signpost how they will develop in the future. Under the new management of Rapid News Communications Group, the 2011 event was hailed as a resounding success by exhibitors and visitors alike placing the show firmly back on the map as a must attend event.
